

**Sandfire is committed to delivering a lasting, positive contribution to the communities where we operate.**

We invest in community programs that are able to demonstrate how they will meet local needs whilst positively contributing to the community in an effective and sustainable manner.

## Focus Areas

**Community Health**

**Education**

**Wildlife**

**Sustainable Development**

## Eligibility Criteria

To be considered eligible for support, the proposed community event, activity or project should:

- Be local to Sandfire areas of operation.
- Provide broad benefits to the local community and its members.
- Promote sustainable development.
- Reflect the diversity of the community and involvement from within the community.
- Provide evidence of community support.

## Application Process

It is recommended that you prepare the application in conjunction with the Sandfire Community Relations Manager.

The application form (available on our website and at our offices) is used to obtain sufficient information to assess the proposal. Applications can be submitted at any time throughout the year and review periods will be determined by the complexity of the request.

Applicants will be notified of the outcome of their application after review by the Community Relations Committee.
